Declaration of Compliance

I, the undersigned, declare that my homework and my exam(s) for the course

Multimodal Media Madness (SoSe 2020)

was penned autonomously, and that I have not used any other sources or means other than those mentioned in my paper. When using other sources – including electronic media – in wording or meaning, I have indicated this with a clear reference to the source. I acknowledge that in the case of an infringement, the course will be assessed as "failed" and that I will not receive a certificate. In addition, I am aware that non-compliance can result in further consequences. I agree that my work may be reviewed by means of a search engine for plagiarism. I am aware of the fact that such a search engine can store my work on a server. With my signature, I also assert that I have read the leaflet "Ethical Guidelines for the Authoring of Academic Work" adopted by the Department of Computer Science at the RWTH Aachen University from April 2007.

Additionally, I grant permission to use any material that I submit for this course, as a part of the assignment and final project, on the course website for non-commercial purposes.
